## ***WHAT IS A STATE PARK MASTER PLAN?***

State park master plans are defined and adopted in Oregon's state rules. A park master plan guides the development and use of park facilities and the protection and management of important natural, cultural and scenic resources within the park boundaries. The plan is a written and illustrated reference that describes the planning purpose and process, existing park facilities, suitability of park land for resource protection or recreational development, and development concepts for future uses and preservation. Master plans are intended to be updated every 20 years.

# SMITH ROCK STATE PARK

## Master Plan

2017-19

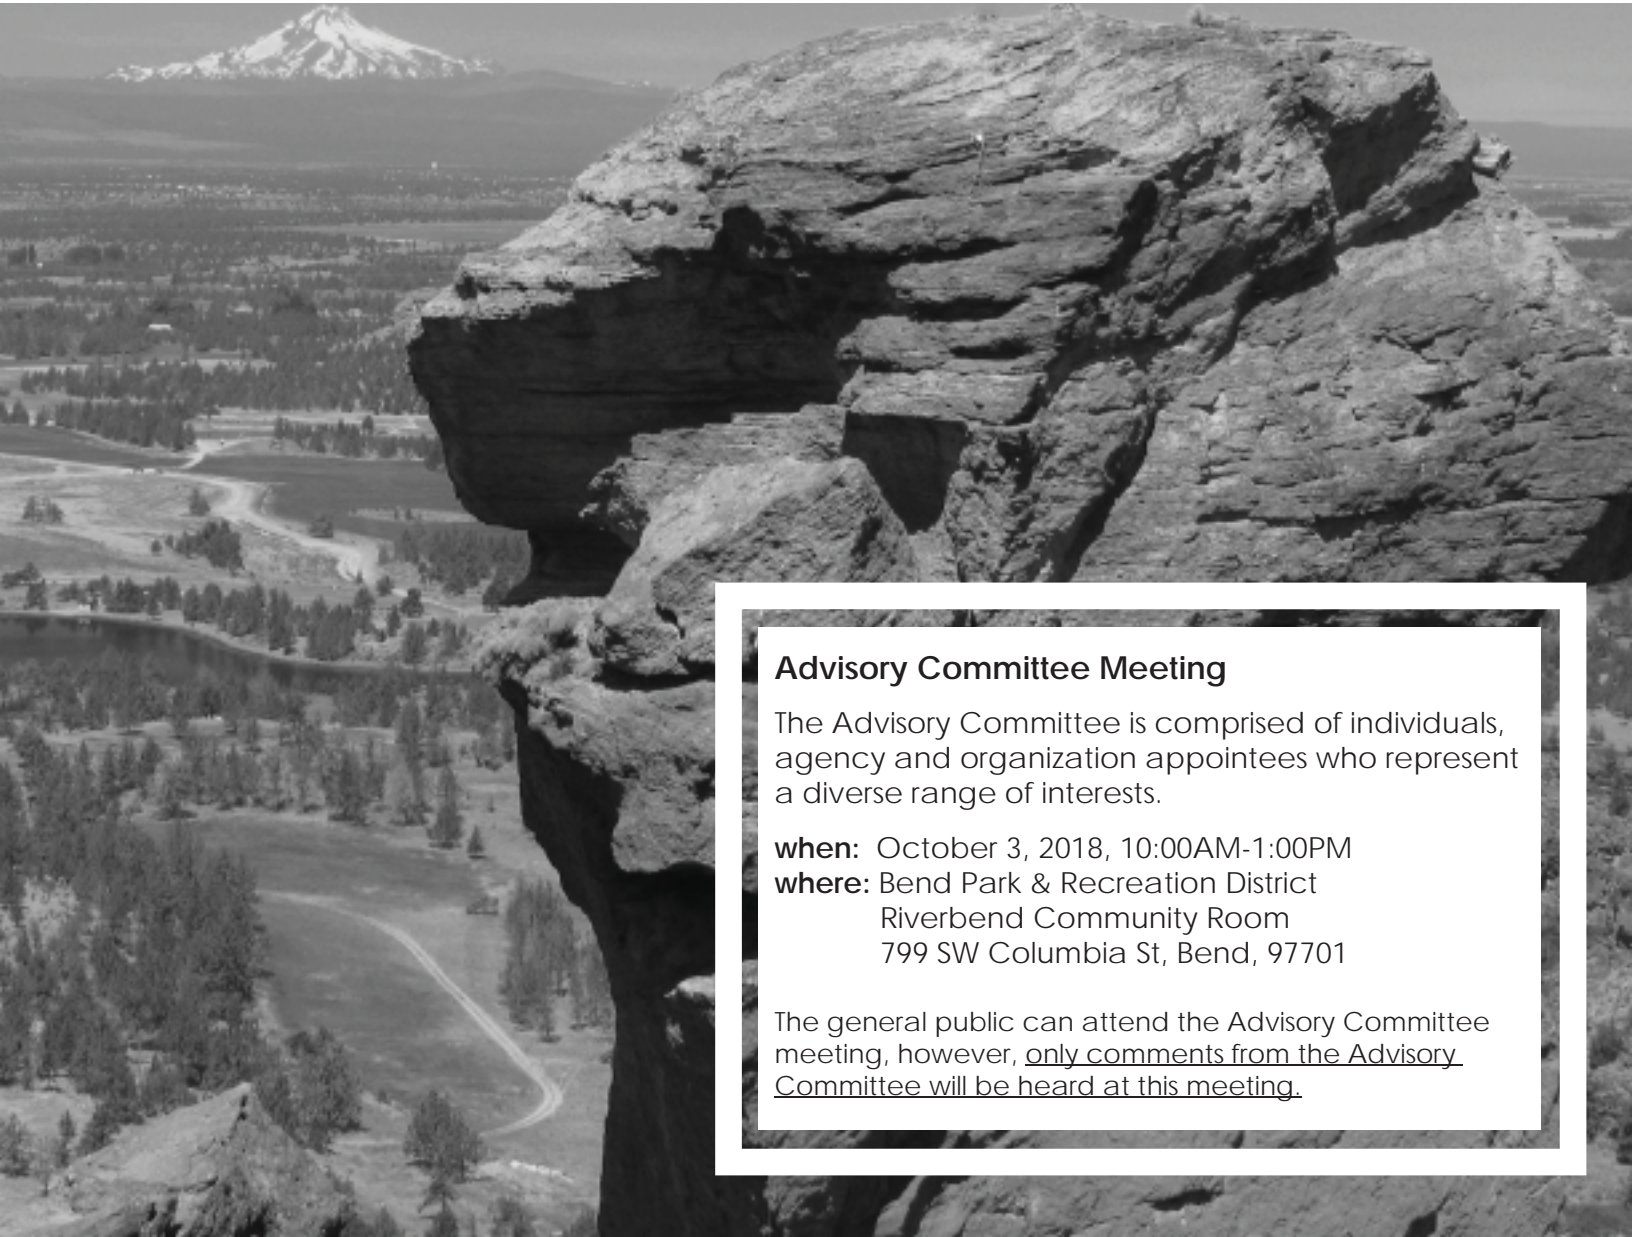

### THE MASTER PLAN UPDATE CONTINUES

Oregon Parks and Recreation Department (OPRD) continues the master plan update for Smith Rock State Park. The updated plan will guide park changes for the next twenty years.

This is the third round of public meetings hosted by OPRD. At this time OPRD is seeking feedback regarding management changes and design concepts to be implemented in the near term and over the next twenty years. Everyone is invited to attend; please plan to arrive by at least 7:30 to review materials. The draft master plan document will be available late Spring 2019.

If you are unable to attend one of the open houses you can participate by visiting the plan website at: [www.smithrockparkplan.com](http://www.smithrockparkplan.com).

You may also submit comments directly to OPRD at: Robin Wilcox, Senior Parks and Trails Planner
